Dear Educator,

Furtwangen University is one of the leading universities of applied sciences in Germany, located in one of its most beautiful holiday regions – between Lake Constance, the Black Forest and Switzerland.

The HFU Business School at Furtwangen University attracts young people from around the world to its internationally oriented study programmes.

Although most students from non-EU countries have had to pay tuition fees of € 1,500 / per semester to take a degree in the State of Baden-Württemberg since winter semester 2017/2018, this does not apply to school leavers with a German „Abitur“ qualification from German schools abroad. In other words, your students can study with us tuition-free and are only required to pay administration fees amounting to €130 / per semester.

That's why we would like to introduce ourselves to you and to give you and your pupils the opportunity to get to know us better. Below you will find a QR code for the International Business Management programme which is taught entirely in English. It has a very multicultural character which we are sure will be of interest to you. We have also included a QR code for „International Business“, a bilingual programme taught 60% in German and 40% in English.

The application deadline for both is 15 July for programmes starting in the winter semester.

What makes the HFU Business School stand out from the crowd?

- We are one of the TOP Ten business schools in Germany according to the CHE university rankings
- Small teaching, study and project groups
- Close contact with teaching staff and other students
- Multilingual bachelor's and master's degrees in English and German
- Choice of regional focus – China, Spain/Latin America or the French-speaking world – with courses in language, history, politics and culture
- Multicultural learning environment – you study with people from almost 50 different countries around the world

- Internationally experienced professors and lecturers with many years of international top management experience in global concerns
- Double degrees possible (additional full degree from a partner university)
- Over 100 first-class partner universities worldwide

Take a look at the our range of programmes on our website:

www.hs-furtwangen.de and please feel free to contact us at any time, if you require any additional information.

We look forward to hearing from you soon.

Yours sincerely,

Prof. Dr. Uwe Hack

Dean
