

SAP Learning Hub: Learning Rooms

List of available and upcoming learning rooms as of March 2015

Learning Rooms

Learning Rooms are expert-moderated social learning components within SAP Learning Hub. They cover specific topics and are structured to cover a learning or certification path you might like to follow. Where a room covers a certification, the code is included on the following pages. You can join other learners with similar learning objectives who wish to learn the same information. Learning Rooms are open ended so you can join at any time and are available to **all paid subscribers of SAP Learning Hub**.

To find available Learning Rooms, click on **Browse all Courses** in the Learning Content tab and then click on **Learning Room** as Delivery Method.

A list of all Learning Rooms will appear on the next screens. Over 50 rooms have been added to the SAP Learning Hub in separate waves with more still to come. A full list of Rooms appears on the following pages.

NEW: The list of rooms now includes which edition the room is available in. All rooms are included with the Enterprise, Customer and Partner editions. Selected rooms are included with all other editions.

Learning Rooms available as of February 2015
